

Biocon Biologics in South Africa: Factsheet

Biocon Biologics is a leading global biosimilars company committed to addressing patients' needs for cost-effective, high-quality biosimilars.

VISION

To be a global leader in biologics, delivering affordable access to innovative and inclusive healthcare solutions, transforming patients' lives.

VALUES

- Innovation & differentiation
- Quality through compliance & best practices
- Integrity and ethical behaviour
- Collaboration, teamwork and mutual respect
- Performance-driven culture

Company Profile

Biocon Biologics is present in over 120 countries globally, including more than 80 Emerging Market countries, where it is providing sustainable solutions for a healthier world through its cost-effective, high-quality biosimilars.

In the Africa-Middle East, Turkey (AFMET) region, Biocon Biologics is making a significant impact on patients' lives by expanding access to lifesaving treatments and life-improving therapies to treat diseases like diabetes, cancer, and autoimmune conditions through its 6 commercialized biosimilars.

Biocon Biologics has developed a differentiated portfolio of biosimilars spanning insulins, monoclonal antibodies and conjugated recombinant proteins by leveraging its deep experience in biotechnology. It addresses the needs of patients in the AFMET region through its state-of-the-art manufacturing infrastructure, which includes facilities for producing monoclonal antibodies in Bengaluru, India, and insulins in Johor, Malaysia. The integrated insulins manufacturing and R&D facility in

Malaysia, the largest in Asia, manufactures a broad portfolio of regular, basal, and rapid-acting insulins.

Through its self-led and partner-led commercial models, the company is focused on broadening access to biosimilars for treating cancer, diabetes and autoimmune disease for the benefit of patients and improving healthcare outcomes in South Africa.

Bengaluru-headquartered Biocon Biologics has a longstanding presence in the biosimilars industry, having invested over \$1 billion in R&D and global-scale manufacturing over the past two decades. The integration of the global biosimilars business acquired from its long-term partner Viatris has further strengthened Biocon Biologics' commercial presence in South Africa. As a trusted and reliable company, Biocon Biologics is poised to consolidate its leadership in biosimilars in South Africa, making a meaningful impact on patients' lives.

The Biocon Biologics Advantage

- **PATIENT-CENTRICITY:** Dedicated to expanding patient reach and generating significant savings for patients, payers, and healthcare systems.
- **LAB-TO-MARKET EXPERTISE:** Fully integrated from biosimilars development to manufacturing, distribution, and commercialization.
- **LEGACY OF SUCCESS:** Achieved several industry firsts with U.S. approvals for biosimilar Trastuzumab, biosimilar Pegfilgrastim, and interchangeable biosimilar Insulin Glargine.
- **UNIQUE PORTFOLIO:** A comprehensive and differentiated portfolio of biosimilars, including insulins, monoclonal antibodies, and conjugated recombinant proteins.
- **GLOBAL SCALE PRODUCTION:** Operates three large-scale, globally compliant biosimilars manufacturing facilities, ranking among the top 15* companies worldwide in biomanufacturing capacity.
- **WIDE COMMERCIAL FOOTPRINT:** Commercialized products in 120+ countries through a combination of direct presence, strategic partnerships, and distributors.
- **HIGH QUALITY & COMPLIANCE STANDARDS:** Manufacturing facilities have received 90+ cGMP approvals from over 25 agencies, including the U.S. FDA and EMA.

*19th Annual Report of BioPlan Associates

Our Products in South Africa

Brand Name	Molecule
Ogivri	Trastuzumab
Abevmy	Bevacizumab
Fulphila®	Pegfilgrastim
Bevaml *	Bevacizumab
Pegfilgrastim Eurolab *	Pegfilgrastim
Cipla Trastuzumab **	Trastuzumab

*Commercialized by our partner Eurolab in South Africa

**Commercialized by our partner Cipla in South Africa
